(Mahwah, N.J.) – This press release serves as a broad overview of enhancements made to Jaguar vehicles for the 2019 and 2020 model year. Please follow the links below for more detailed, press information and images.

This document will be updated on an ongoing basis; check back often as new information is released regularly.

NEW GENERATION OF JAGUAR

In 2015, the Jaguar brand announced a new approach in the U.S. market with updated pricing and customer care strategies aimed at transforming its presence in the market ahead of launching the Jaguar XE and F-PACE.

With the addition of the Jaguar E-PACE and the battery electric I-PACE, the New Generation of Jaguar lineup expands to seven models for the first time in the brand's storied history, while new model derivatives like the Jaguar F-PACE SVR diversify the portfolio offering customers greater choice.

Every new Jaguar vehicle comes with Jaguar EliteCare, a Best-in-Class ownership package². This warranty is further expanded for Jaguar I-PACE customers, covering the electric battery for 8-years / 100,000 miles and a 70 percent state of health⁷.

Jaguar EliteCare coverage offers:

- 5-Year / 60,000 Mile New Vehicle Limited Warranty
- 5-Year / 60,000 Mile Complimentary Scheduled Maintenance
- 5-Year / 60,000 Mile 24/7 Roadside Assistance
- 5-Year / Unlimited Jaguar InControl® Remote & Protect™ connected services

APPLE CARPLAY AND ANDROID AUTO

All 2019 vehicles equipped with the Jaguar InControl Touch Pro™ or Touch Pro Duo™ infotainment systems with navigation, InControl® Apps™, and Wi-Fi connectivity will be available with a 'Smartphone Pack' which includes Apple CarPlay® and Android Auto™^{3,10}. The Smartphone Pack will be offered either as optional or standard equipment, depending on the model and trim level¹. This feature is equipped as standard on all 2020 model year Jaguar vehicles.

Drivers are able to interact with key mobile apps, such as Spotify, WhatsApp and, with the release of iOS12, Waze through the vehicle's touchscreen, in a manner similar to a smartphone. Where equipped, certain functionality can even be controlled via the vehicle's Voice Control, providing additional convenience. Owners will simply connect their smartphone to the vehicle via a compatible USB cable and select Apple CarPlay® or Android Auto™ on the vehicle's touchscreen^{3,10}.

Visit [Apple.com](https://apple.com) and [Android.com](https://android.com) for the current list of devices and apps which share system compatibility.

In addition to the new Smartphone Pack, Jaguar has made a number of other key enhancements to the InControl Touch Pro™ infotainment system for the 2019 model year, including:

- Voice command for Navigation functionality introduced for select models
- Major graphical refresh on the "Home," "Extra Features" and "Customizable Homepage" screens
- Minor user experience changes to the button and icon placement on "Media Screen"
- Additional short cut buttons on the home screen for key functions within Navigation, Media and Phone

SUV FAMILY

2019 JAGUAR E-PACE

First introduced for the 2018 model year, the Jaguar E-PACE is a five-seat compact performance SUV that packs the design and performance of a Jaguar sports car into a practical and connected all-wheel drive vehicle. With sporty design cues and trademark Jaguar driving dynamics, the E-PACE joins the growing Jaguar SUV family alongside the F-PACE performance SUV.

The 2019 E-PACE offers enhanced convenience technology features including new Voice Assistant functionality, Smart Settings that learn the drivers' preferred settings, an updated infotainment system interface and voice command for navigation functionality.

2019 JAGUAR F-PACE

Now in its third year of production, the F-PACE remains the best-selling model in the Jaguar lineup.

For 2019, the F-PACE SVR, a new high performance variant of the Jaguar brand's first SUV is added to the F-PACE range. Reimagined by Jaguar Land Rover Special Vehicle Operations, performance enhancements made to the F-PACE SVR make it the fastest and most powerful F-PACE yet. Boasting an enhanced chassis, improved aerodynamics and 170 more horsepower than the current range-topping F-PACE S, the F-PACE SVR is built for maximum driver reward.

The core F-PACE lineup features a number of updates for the 2019 model year, including interior enhancements, as well as standard convenience and advanced driver assistance technologies.

- Interior upgrades to the core F-PACE lineup include suedecloth headlining and illuminated treadplates ensuring heightened attention to detail and cabin quality, with new slimline sports seats offered as optional
- Jaguar InControl® Touch Pro™ infotainment system with 10-inch touchscreen, now equipped as standard across all trim levels, features a refreshed interface, standard rear camera, and available voice command functionality for navigation³
